

PROJECT GRANT SAMPLE BUDGET REQUEST FORM

Organizations must demonstrate at least a one-to-one in-kind and/or cash cost-share. The cash cost-share must equal or exceed 10 percent of the MH funds requested, and the total cost-share (cash *and* in-kind) must equal or exceed the MH funds requested.

The total of lines A and B may not exceed more than 50% of the total MH funds requested. A and B (together) must also be matched, at least equally, in cash.

Numbers in the in-kind column represent contributions that are NOT cash. You should assign value to volunteer effort, use of space, donated items, and other non-cash contributions.

Please estimate all of your cash and in-kind efforts. Some common in-kind contributions include facilities, supplies donated to the project, and volunteer time. Paid staff time dedicated to the project but not covered by the grant should be recorded in the in-kind cost-share column. In Massachusetts, all volunteer time should be recorded at approximately \$30/hour.

The MH funds requested in line A must be matched, at least one-to-one—in cash and/or in-kind contributions.

Please round off figures to the nearest dollar, and please complete the budget explanation (next page).

The total of lines A and B (together) may not exceed more than 50% of the total MH funds requested, and the total of lines A and B (together) must be matched, at least equally, in cash.

MH rarely pays honoraria/stipends over \$500 for one person at one event.
MH funds CANNOT EXCEED \$1,000 for one person's participation at one event.

Line D of this budget request has \$800 of MH funds requested, which includes honoraria for two scholars giving talks. The \$800 in-kind cost-share includes volunteer preparation time from the scholars.

This is the total amount requested from MH (sometimes called the "ask").

The CASH cost-share needs to be at least 10% of the total amount requested from MH.

If the CASH cost-share is equivalent to more than 200% of the total amount requested from MH, then 80% of it must be secured before receiving grant payments.

These two totals add up to the total cost-share, or match. The total cost-share must be equal to or greater than the total amount requested from MH.
